This Edition's Words of Wisdom

The Nation is a dream... and the State is a dawn on our land... Our hopes and longings will inevitably be realized... The Land of Palestine can rebuild its ruins or build itself on its own... when banners are raised in the distance united under the flag emblazoned that... the Nation is above all!

## [SHATSKY-006981] [P 1: 3023]

Gilmore 00297T\* Leadership of Presidential Security Force 17: Our intrepid forces over the extent of the beloved nation:

[Cartoon Text:] (- Skin... - Butcher... - Kill! - Well, well, well I've released the dove of peace before you!)

- \* Since you bore loyalty in your breast... and blood in your limbs... and sacrifice in every breath... We believe our fate and destiny is that God has fortified us to be the Guardian People [ahl al-ribat] until the Day of Judgment.
- \* Oh Guardian People... Oh sons of my people and nation...
- \* You have given this world an honorable dawning image of you putting your heart and soul into the cause. You have ridden on the crafts of steadfastness... and so your funerals have become volcanoes of rage on the streets of your motherland...
- \* Your eternal funeral processions have been extolled by all the Arab masses.
- \* Our destiny is to remain the essence of struggle in our motherland...
- \* And to remain the levy imposed for Arab blood, bringing new life to the nation and its history and to again knock upon the doors of glory...

- \* If our limbs be cut off by the undulations of the land, by the checkpoints, and by earthen berms... we will continue holding in our ribs what is stronger than a shield!
- \* All of you possess under each tree... behind every stone... the song of steadfastness...
- \* I call to you... I grasp your hand... I kiss the ground beneath your feet... We say: we will sacrifice for you!

Take heart, for the morning is coming... The dawn is coming... In the name of God the Most Compassionate the Ever Merciful \* Faint not nor grieve for ye will overcome them if ye are (indeed) believers.

\* God Almighty has spoken the truth.

- \* Since the first bullet was fired in our great revolution, the sharp, leading opinions of a revolutionary perspective have belonged to the iconic leader brother Abu Ammar at all intervals... and at all times... In every environment and at the end of every day they are the decisive opinions
- \* Events have proven... that when a decisive leading decision is made... by the launcher of the revolution... and the maker of Palestinian glory... that it is the best one... and it is for the best!!
- \* The iconic leader has a historic saying that we learned from our first Fatah leaders... and which we have heard on numerous occasions... "When I feel the weight of the plots made against our people... and our nation... I make the decision which I view as appropriate... and decisive!"
- \* Lead the way towards the horizons of glory... For glory has its scepter... and History its impression...
- \* If you dove into the world's seas... all seven... we would dive in behind you even if blood formed... the waves against the boat of sacrifice!

The glow of Palestine... Does your blood light the gloomy darkness of humanity in this world... which is no longer seen except for the color blind in this era of dancing girls

Yesterday...

An angel's wedding for the bride Iman Hajjo in the land of Hashem's Gaza!! Today...

An angel's wedding for the groom Diya Al-Tamizi in the merciful land of Hebron...
